

System Requirements

ESPRIT EDGE 2025.3

Hardware Type	Requirement
Processor	Intel Core i7 or i9
Memory	16 GB* minimum
Graphics Card	Open GL compatible, minimum 4GB VRAM
Storage	500 GB NVMe** solid-state drive (SSD)
Ports	One available USB port required for the ESPRIT security system
Install Media	Broadband Internet connection

Operating System Requirements
Windows 11, Windows 10 64-bit
Microsoft .NET Framework 4.8

ESPRIT EDGE License Server (Server Security Manager)

Hardware Type	Requirement
Memory	2 GB minimum
Ports	One available USB port required for the ESPRIT security system
Network	Static IP address

Operating System Requirements
Windows 11, Windows 10***, Windows Server 2012, 2016, or 2019
Microsoft .NET Framework 4.8
Safenet Sentinel Drivers Version 7.4.2

* Minimum RAM requirements to run ESPRIT EDGE alone. 32 GB or more is recommended if you plan to run ESPRIT EDGE concurrently with other memory-intensive software (e.g., 3D CAD applications).

** The recommended NVMe SSDs offer faster access and transfer than SATA bus SSDs. Pro-model SATA SSDs are also acceptable.

*** ⚠ Notice: Windows 10 end of Support is approaching: Microsoft will discontinue support for Windows 10 after **October 14, 2025**. Future versions of **ESPRIT EDGE** may require **Windows 11** to ensure security, stability, and full functionality.
